

Date of Hearing: July 10, 2017

ASSEMBLY COMMITTEE ON TRANSPORTATION

Jim Frazier, Chair

SB 810 (Committee on Transportation and Housing) – As Amended June 28, 2017

SENATE VOTE: 39-0

SUBJECT: Transportation: omnibus bill

SUMMARY: Makes various technical and non-substantive changes to provisions of law related to transportation. Specifically, **this bill:**

- 1) Conforms state law to federal regulations related to the transportation of hazardous materials.
- 2) Updates multiple outdated cross-references.
- 3) Corrects erroneous references to the National Highway Traffic Safety Administration.
- 4) Makes other minor, technical changes.

EXISTING LAW: Includes numerous provisions related to transportation.

FISCAL EFFECT: Unknown

COMMENTS: The Senate Committee on Transportation and Housing is authoring this year's transportation omnibus bill as a cost-effective way of making a number of minor, non-controversial changes to statute at one time. There is no known opposition to any of the items in the bill. If issues arise that cannot be resolved, the provision of concern will be deleted from the bill.

Amendment needed: This bill deletes a reference to a fee collected prior to January 1, 2010, that is indexed to inflation elsewhere in statute. This deletion would effectively reset the fee back to \$30, when in practice the fee is currently set to be adjusted to \$35 on January 1, 2018, under existing law. To avoid this reset, an amendment is needed to strike the deletion and leave the reference to the fee as written in existing law. The author intends to amend the bill in this committee to address this issue.
